Sales / Accounts

9th December 2024

Subject: Update Company Details

Dear Valued Supplier,

I am pleased to advise, as of the 9th December 2024, McCloskey Equipment Limited (MEL) has now been acquired by Agg-Pro Ltd.

Company Address;

Aggregate Processing and Recycling Ltd
Hedging Lane, Wilnecote
Tamworth,
B77 5EX
VAT Number: GB670778793
Reg no: 03160337

Parent Company;

SMT Holding SA
Avenue Fleming 4
1300 Wavre
Belgium
VAT Number: BE 0630863452
Reg no: 630863452

What does this mean for your business as a supplier to Agg-Pro?

It is business as usual for all our valued suppliers, so please continue to supply products and services. Any invoices relating to purchase orders for products and services raised prior to the 30th November 2024, will need to be settled by McCloskey Equipment Limited directly and therefore, these invoices should not be directed to Agg-Pro.

After 30th November 2024, please ensure all invoices quote a valid purchase order number and are addressed to Aggregate Processing and Recycling Ltd, as detailed above.

All invoices will be processed by our Accounts Payable team at our headquarters in Tamworth.

Invoices must be sent via email to the following email address: David.Lerigo@agg-pro.com

Important: Invoices which are incorrectly addressed cannot be paid and will have to be re-invoiced to Aggregate Processing and Recycling Ltd. This will inevitably delay payments which is something we all wish to avoid.

Please note that payment terms and general terms and conditions of purchase remain unchanged from 9th December 2024. Invoice queries/general queries (and any questions about this letter) must be emailed without delay to the following address: Lisa.Vernon@agg-pro.com

We look forward to a smooth transition with your company and must emphasize the importance of continuity of supply of products and services as we make this change.

Yours Sincerely,

Steve Peterson, Managing Director of Agg-Pro Ltd
